

A GLIMPSE OF THE PAST AT THE EVERSON MUSEUM OF ART

Summer is the perfect time to take a trip down memory lane with the Everson's new exhibition *People, Place and Progress: Local Landscapes in Paint and Print*, on view June 2 to Sept. 2, 2012. The exhibition is presented in conjunction with the Onondaga Historical Association (OHA).

People, Place and Progress features paintings of local historical scenes from the collections of both the Everson and OHA. Visitors can take in views of the Erie Canal, rural vistas and area waterfalls, plus architectural landmarks such as former breweries, mills and stagecoach inns. The paintings are paired with historic photos and prints of the same scene, highlighting the historic landscape that

inspired the artists. The exhibition uncovers why those places help shape our regional identity.

On June 9, from noon to 3 p.m., the whole family can enjoy a free art-filled afternoon at the annual Everson Community Day! Children can create colorful paintings using unusual tools, dig into clay making, and celebrate Syracuse by making drawings of their hometown. Families are invited to explore the galleries, enjoy face painting, sidewalk chalk drawing and more!
