## Speaking at the Onondaga Historical Association

ShareThis

Ed McGraw and I will be speaking at the Onondaga Historical Association on Wednesday, January 25 at noon as part of the Onondaga Historical Association's "Landmarks of New York" lecture series, 321 Montgomery Street in Syracuse. The event is free and open to the public. We will be talking about the ways we connect our future and our past, as well as giving an overview of Blue Design. Hmm...talking about the future at a historical association; how ironic! Should be fun; hope to see you there.

### Bio:

Meet Peter

Architect Peter Larson, AIA, LEED AP, has big ideas. Those ideas start with Blue Design, a new way to imagine the built and natural worlds, and end with a future that is optimistic, creative, beautiful and prosperous.

### Institute Development

An institute is forming to further the idea of Blue Design and to help redefine the way human kind interacts with natural resources. We all have a part to play, how you embrace it is your choice.
