

BILLBOARDS TO SALUTE 'ICONIC SYRACUSE' SCENES

An opening reception is planned for the billboard project "Iconic Syracuse" from 4 to 6 p.m. Sept. 6. It will be held in the fourth-floor salon at The Warehouse, 350 W. Fayette St., Syracuse.

"Iconic Syracuse" is a series of billboards featuring iconic historic scenes along the Connective Corridor. It pairs historic photographs with interpretative artwork. The billboard, at West Fayette and West streets, will be on view in September and change every month until September 2013. It is a collaborative project of the Onondaga Historical Association and the Connective Corridor.

SU students and artists Greg Mawicke and Jesse Handelman have created the artwork for the billboard. They will be at the reception with their work and the images and photographs from the OHA's archival collection that inspired them.
