

OHA RESEARCH CENTER SUBJECT FINDING AID

Welcome to OHA Research Center Subject Finding Aid!

This is an **OVERVIEW** of topics that OHA's Research Center has to offer. The list is organized by subject and is a keyword searchable document. As this is only a select list of the files we have in the Research Center, you may be looking for a specific company, organization, event or topic that is not on the list, we welcome you to inquire about your topic at the Research Center, 315-428-1864 extension 325. The Research Center is open and staffed Wednesdays to Saturdays.

The Research Center's folders contain newspaper clippings, photos, pamphlets, programs, and articles covering a wide spectrum of topics related to Onondaga County. We would also like to let you know that there is a moderate fee for using our material. There is also a fee if you wish for any of the documents to be scanned and or printed to you.

The goal of this finding aid is to provide you an idea of the knowledge OHA processes, spark interest, and help you with your research.

Happy Researching!

Sincerely,

Onondaga Historical Association

The Abolition section uses the terms primary and secondary sources. By primary source we mean a document or recording that is created at that time, or the recollection of an individual. A secondary source is a document or recording that is created after the fact.
